

# Intensive English School

## Year 10 EAL students - Possible Future Pathways

*Any of these pathways are open to you. You can manage your own pathway through the amount of work you do, your attitude and your resilience. Remember to take your time and to listen to the advice of your teachers. We have your best long term interests at heart. We are on your side and want the best for you. Sometimes you might not like what we tell you but we will still tell you.*

*Please take your time – do not rush. Enjoy the gift of your education.*

Ms Kate Davis – Head of School
